

**Exceptional Importation of United States-labelled Colesevelam Hydrochloride Tablets, 625 mg due to the current shortage of Canadian-authorized Colesevelam Hydrochloride Tablets, 625 mg**

**Glenmark Pharmaceuticals Canada Inc.**

1600 Steeles Ave. W, Suite 407,  
Concord, ON, L4K 4M2 Canada

Date: March 28, 2024

Dear Wholesalers, healthcare professionals, pharmacists and customers.

There is a critical shortage of Colesevelam Hydrochloride Tablets, 625 mg in Canada. To help mitigate the shortage, Health Canada has permitted the exceptional, temporary importation and sale of US-labelled Colesevelam Hydrochloride Tablets with English language only labels, by Glenmark Pharmaceuticals Canada Inc.

Health Canada has accepted the addition of Glenmark Pharmaceutical's drug product to the List of drugs for exceptional importation and sale (<https://www.canada.ca/en/health-canada/services/drugs-health-products/drug-products/drug-shortages/list.html>).

In Canada, Colesevelam Hydrochloride Tablets is indicated for the reduction of cholesterol blood level in patients with hypercholesterolemia (Fredrickson Type IIa) as an adjunct to diet and lifestyle changes, when the response to these measures has been inadequate, in patients; who are not adequately controlled with an HMG-CoA reductase inhibitor (statin) alone, or; who are unable to tolerate a statin.

The US-labelled product has the **same active ingredient (colesevelam hydrochloride), strength (625 mg), dosage form (film-coated tablet), and route of administration (oral)** as the Canadian-authorized products.

The US-labelled and Canadian-authorized products, however, **differ with respect to the tablet appearance and non-medicinal ingredients** (see table below):

	Canadian-authorized products		Drug product for importation
<b>Drug product</b>	<b>LODALIS (Colesevelam Hydrochloride Tablets, 625 mg)</b>	<b>APO-COLESEVELAM (Colesevelam Hydrochloride Tablets, 625 mg)</b>	<b>Colesevelam Hydrochloride Tablets</b>
<b>Identifying code</b>	DIN 02373955	DIN 02494051	NDC 68462-433-18 (bottle of 180 tablets)
<b>Tablet description as per the authorized product labelling</b>	LODALIS (colesevelam) 625 mg film-coated tablets are Off white, capsule-shaped, film-coated tablets imprinted with "LODALIS" on one side.	APO-COLESEVELAM 625 mg tablets are White to off white, oval, biconvex coated tablet. Engraved "APO" on one side, "C625" on the other side. <b>Ingredients as per the authorized product labelling</b>	<p>Each tablet contains 625 mg colesevelam hydrochloride.</p> <p>Tablet core: Cellulose (E460), microcrystalline Silica, colloidal anhydrous Magnesium stearate Water, purified</p> <p>Film-coating: Hypromellose (E464), Diacetylated monoglycerides</p> <p>Printing ink: Iron oxide black (E172), Hypromellose (E464), Propylene glycol</p>	<p>Each tablet contains 625 mg colesevelam hydrochloride.</p> <p>Tablet core: Magnesium stearate, Microcrystalline Cellulose, Silicon Dioxide</p> <p>Film-coating: Diacetylated Monoglycerides, Hypromellose</p>	<p>Each tablet containing 625 mg colesevelam hydrochloride.</p> <p>In addition, each tablet contains the following inactive ingredients: colloidal silicon dioxide, diacetylated monoglycerides, hypromellose, magnesium stearate, microcrystalline cellulose, and pregelatinized starch.</p> <p>The tablets are imprinted using a water-soluble black ink which contains ammonium hydroxide, ferric oxide black, propylene glycol and shellac.</p>

The US-labelled product can be used in the same manner as the Canadian-authorized products. Healthcare professionals should refer to the Canadian Product Monograph for Colesevelam Hydrochloride Tablets, 625 mg available in English and French on the Health Canada Drug Product Database (<https://www.canada.ca/en/health-canada/services/drugs-health-products/drug-products/drug-product-database.html>) for information on the appropriate use of the product, including the:

- Indications
- Contraindications
- Warnings and precautions
- Adverse reactions
- Drug interactions
- Dosage and administration
- Storage conditions

**Pharmacists are advised to inform patients about the differences in tablet appearance between the US-labelled and Canadian-authorized products and that the US-labelled product can be used in the same manner as the Canadian-authorized products.**

#### Information on the imported product

Brand name	Dosage form, strength and route of administration	Product description and packaging	Country of authorization and identifying code	Authorization holder	DEL holder/ Importer in Canada
Colesevelam Hydrochloride Tablets	Film-coated Tablets; 625 mg; Oral	Each film-coated tablet contains 625 mg colesevelam hydrochloride. Available in Bottles of 90 & 180 tablets with child-resistant closure.	Bottles of 180 tablets:  NDC 68462-433-18	Glenmark Pharmaceuticals Inc., USA	Glenmark Pharmaceuticals Canada Inc.

Information about US-labelled Colesevelam Hydrochloride Tablets for healthcare professionals is available for reference in English in the Appendix.

The US-labelled product is available in bottles 180 tablets; wherein the US patient information leaflet is glued on the bottle cap. Images of the US-labelled product can be found in the Appendix.

Healthcare professionals are advised that aspects of the bottle labels and packaging of the US-labelled product may differ from the Canadian-authorized products. **Proper selection of the intended product must be**

**verified to avoid confusion with other products and prevent medication errors.**

The US-labelled product does not have a drug identification number (DIN) or a barcode that scans in medication management systems in Canada. A facility-generated sticker may be required to enable barcode scanning and allow the product being dispensed and administered to be properly identified.

### **Reporting adverse drug reactions**

Adverse drug reactions associated with the use of Colesevelam Hydrochloride Tablets should be reported to Glenmark Pharmaceuticals Canada Inc., by calling at 1-844-801-7468, or to Health Canada at <https://www.canada.ca/en/health-canada/services/drugs-health-products/medeffect-canada/adverse-reaction-reporting.html> or by calling toll-free at 1-866-234-2345.

### **Questions or concerns**

For questions or concerns about US-labelled Colesevelam Hydrochloride Tablets, please contact Glenmark Pharmaceuticals Canada Inc., by calling at 1-844-801-7468.

### **Appendix**

- Images of the US tablet, US bottle label, and US bottle packaging can be found below.
- The US bottle labels are in English only, the French-translated label text can be found in the French version of the Glenmark letter.
